

**Light as a Service**

**eLight will be visiting your area during the next few weeks & would like to provide your hotel with a free survey in order to identify possible energy savings generated from an LED Upgrade.**

**Contact [hotels@elight.ie](mailto:hotels@elight.ie) to schedule a survey now!**

eLight Funds, Installs and Manages energy efficient lighting upgrades for Irish businesses and Hotels with a maintenance free financed solution. Founded in 2009 eLight has built on its success within the educational sector and more recently with commercial businesses, providing 100% funded LED lighting upgrades.

#### **Phase 1 eLight Hospitality LED Lighting Scheme**

- Supply the Irish Hotel Industry Federation members with new Philips LED lamps & Spotlights Free of Charge.
- The lamps supplied will reduce energy use up to 80% compared to existing incandescent lamps.
- The Philips professional LED lamps are the most advanced range of LED lamps available and will produce the required colour tone and instant light required by the Hospitality sector.

For this exclusive offer please contact [hotels@elight.ie](mailto:hotels@elight.ie) or visit our website [www.eLight.ie](http://www.eLight.ie)

#### **Phase 2 eLight Light as a service - fully funded LED Lighting Upgrades**

- Provide IHF members with a free survey/audit & proposal on additional light fittings throughout hotel back of house, car parks & common areas, to identify possible energy savings generated from an LED upgrade.
- Fund 100% of the capital cost associated with the design, supply, installation, operation and maintenance of energy efficient Lighting projects, interest free over a 3 year term, with generated energy savings funding the project.

For this exclusive offer please contact [hotels@elight.ie](mailto:hotels@elight.ie) or visit our website [www.eLight.ie](http://www.eLight.ie)
