

# Smarter, Easier, Faster. Together

ECAT is a simple and mobile audit management software solution which can be perfectly tailored to suit your business needs. With little or no training required to use it, we can have you setup within a few days.

Using the guidelines created by Fáilte Ireland, ECAT has developed COVID-19 Risk Management Checks to help you re-open your hotel or guesthouse and provide a safe environment for guests and employees. All your records are kept safe in the cloud and are readily available at the touch of a button.

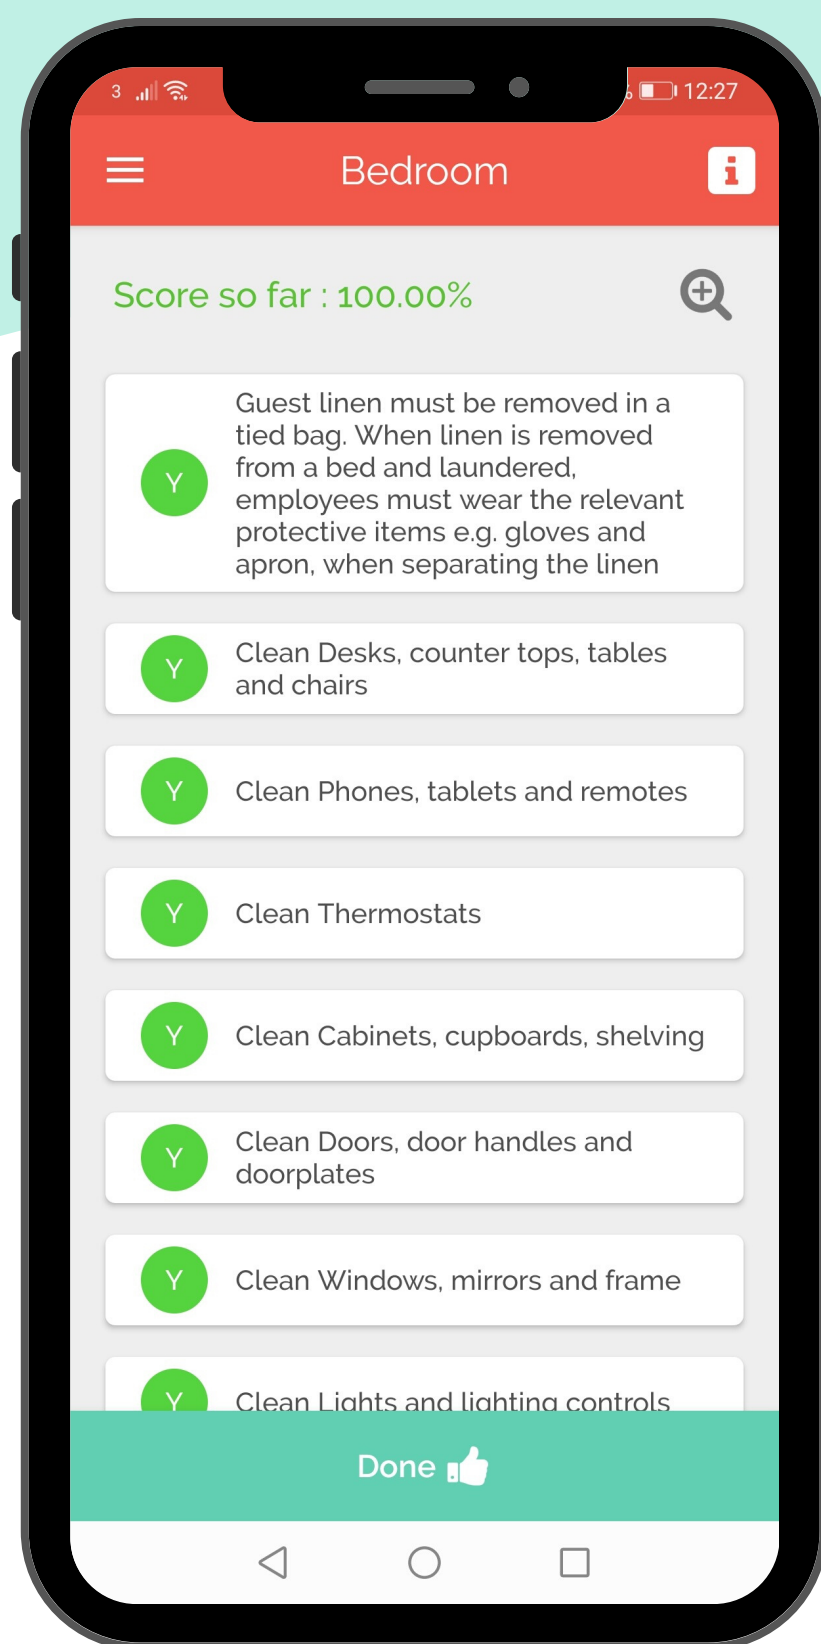

From Staff Training and Food Safety Management to Cleaning Patrols and Hygiene Hotspots, our support team can work directly with you to implement your new auditing system.
