Fáilte Ireland invites you to attend the following Webinar event

Staffing & Recruitment: Accessing the new Transition Year Work Experience Programme

Wednesday, February 2nd
10:00am - 11:00am

About the Tourism Careers Work Experience Programme:

As the industry reopens fully, successful work placements can serve as a valuable employment pool, helping to address staff shortages in the year ahead.

The Transition Year [Work Experience Programme](#) is a long-term initiative which will form part of the Transition Year Programme to build awareness and consideration of career opportunities in Tourism and Hospitality among key audiences, linking students from Transition Year, as well as other courses and programmes seeking Work Experience Placements, with participating businesses.

The programme includes placement templates with manuals for both employers and students, online training materials for students, and a demo guide to assist businesses with uploading placements.

The webinar takes place on February 2nd at 10:00am

Webinar topics will include

- Business commitment - what a quality work placement needs to include
- How to use the [Work Experience Portal](#)
- Resources available to help you provide a successful work placement
- Panel discussion with industry representatives about their experience, insights and benefits of work placements, and how it supports successful recruitment outcomes.

Why Attend?

Attendance is open to all and recommended for all business owners, general managers and HR managers who are facing recruitment challenges as they plan and prepare for the months ahead.
