New Transition Year Work Experience Programme

The Irish Hotels Federation will shortly launch an exciting new programme for Transition Year students, offering them two weeks' work experience in participating member hotels and guesthouses across Ireland.

Under the programme, Transition Year students can apply to local hotels for work experience in a department of their choice. To encourage students to consider broader roles in hospitality we are including '*behind the scenes*' departments such as Sales & Marketing, Human Resources, Revenue, and others, in addition to the more traditional departments. Participating members will be provided with training plans and worksheets.

The Transition Year Work Experience programme will be promoted through the IHF's careers website, www.getalifeintourism.ie, where students can access a list of participating hotels and guesthouses. There they will be able to email the Human Resources department in each property directly to apply for work experience.

To take part, please complete the form [HERE](#), providing:

- details of your hotel
- which departments you can offer work experience in
- an email address for your HR team where students can get in contact

Please submit these details no later than Friday, 14th January.

We hope you will join us in this endeavour to showcase the many diverse and rewarding career opportunities in our industry to a future generation of hoteliers.

If you have any queries about the programme please contact Nuala McLoughlin, at mcloughlin@ihf.ie

Kind regards

Tim Fenn
Chief Executive
