Energy Efficient
Heating & Hand Dryers

Our Story

ATC is established since 1991 and during that time we have evolved into a solution oriented company, developing and distributing Energy Efficient products in response to market needs. We are focused on customer service and support and we strive to ensure a high level of dialogue based cooperation with our customers.

Quality

Quality, safety and design are the key elements of ATC products. It is the core of our business and it ensures our customer's confidence in our products too.

Our products

We are very proud that our products are being used in many different types of low and high profile projects. We started in Ireland but in recent years our products can also be found in the United Kingdom and Europe. We look forward to continuing our expansion into existing and new markets.

Innovation

Since 1991 there have been many advances and changes in product development and technologies. There also have been many changes in the way people carry out and transact their business. We have embraced and taken on many of these new technologies. However, our strength lies in our know-how and company structure, which allows us to respond quickly and flexibly to both specific and generalised customer requests.

ATC Energy Efficient Showrooms

ATC Electric Outdoor Heating Range

ATC Riviera Infrared Outdoor Heater

Wall Mounted or Ceiling Hung IP55

- 2kW, 4kW, 6kW Models
- Wall or Ceiling Mounted
- Creates comfortable environment
- Energy Efficient
- Commercial & Industrial Applications

ATC Sienna Infrared Outdoor Heater

Wall Mounted IPX5

- 2.2kW & 4kW Models
- Sleek Design
- High Performance
- Low Glare Lamp
- Commercial & Industrial Applications
- Pre-Wired

ATC Alfresco Infrared Outdoor Heater

Wall Mounted IP55

- Instant & Powerful Heat
- Low Glare Element
- 1800W Energy Efficient
- Wall Bracket Included
- Easy to Install

ATC Alfresco Infrared Outdoor Heater

Portable IP55

- Instant & Powerful Heat
- Low Glare Element
- 1800W Energy Efficient
- Tripod & Bracket for a fully portable system
- Sturdy and Easy to Assemble
- Pre-Wired with 4m Cable

Description

Model	Sienna 2200	Sienna 4000
Product Code	SIE2.2KW-BL SIE 2.2KW-SL	SIE4KW-BL SIE4KW-SL
Colour	Black Silver	Black Silver

Attractive Design with High Performance

The Sienna high-performance range of Outdoor Quartz Infra-Red electric heaters are suitable for many applications, industries and environments.

Fitted with Low Glare lamps the heaters provide a comfortable level of heat without the sharp glare of standard infra-red lamps. The Sienna Heaters are for mounting on the wall or structure from 2.7m to 3.5m. Attractive design with a high performance these range of heaters will enhance the outdoor heating experience.

Available in two sizes, 2200W and 4000W, rated IPX5 Weatherproof, the Sienna range is available in Black or Silver finishes.

Product Features

- Attractive Design
- Low Glare Element
- Parabolic Reflector for Even Spread of Heat
- Creates Comfortable Environment
- 2 Sizes; 2200W & 4000W
- 2 Colours; Silver and Black
- Multiple Mounting Heights
- Energy Efficient
- Instant Heat
- Wall Mounting
- Suitable for Commercial – Industrial Applications
- Maintenance Free
- Easy to Install
- IPX5 Weatherproof

ATC Heating Design Service

To ensure the most **energy efficient and comfortable** method of heating an area or space, it is important that a number of criteria are taken into consideration. These include; room dimensions, glazed areas, insulation levels and heat levels in adjacent areas.

Our dedicated Heating Design Team provides a full heating design and heat loss calculation to determine the correct solution for your building.

Send your CAD drawing or simple sketches and dimensions to technical@atc.ie

From this drawing we will:

- Calculate the area and volume of each space
- Determine the amount of energy required to heat the area.
- Confirm the type and amount of heaters that should be installed
- Provide a Heating Consumption Cost Analysis showing approximate annual costs

technical@atc.ie

- General Heating
- Ceiling Heating
- Under Floor Heating
- Outdoor Heating
