CELEBRATING
35
YEARS

**BATH
FITTER®**

BATHFITTERCOMMERCIAL.COM

For over 35 years, **Bath Fitter has revolutionized bath renovation.** Our process puts a new bath in place in as little as one day, with no messy demolition. Best of all, **our product is built to last for a lifetime.**

Pioneers of the innovative bath-over-bath technique in North America, Bath Fitter is excited to bring our process to Europe.

Our simple, smart way to renovate baths has enhanced the value of bathroom renovation projects for commercial and residential properties alike.

Our partners are a glowing testament to the quality of our product and work. Ronald McDonald House Charities are among Bath Fitter's impressive list of customers, along with Disney Vacation Club Management Corporation, and Harvard University.

For more than 35 years, Bath Fitter has perfected both the design and installation of durable, premium quality bathing areas, whether for commercial renovation or new construction projects.

As an industry leader, we stand firmly and proudly behind our products — from the planning stage and design to manufacturing, distribution and installation. Moreover, we are all about our people, people who believe in quality and professionalism, which guarantees our clients the very best in customer service.

With Bath Fitter, you are dealing with a Bath Fitter professional at every step of the process so you can benefit from dealing with one contact and one company, from call to install.

Over time, we have become completely vertically integrated, taking full responsibility for the quality of our product and service from planning and designing, all the way to manufacturing, distribution, installation, and customer service. Dealing with Bath Fitter provides you with the peace of mind of dealing with a company that stands behind every aspect of its products and services.

Manufactured in our state-of-the-art facilities directly from raw materials, it all begins with the Bath Fitter acrylic sheet. Our sheets, among the most durable on the international market, are then custom moulded into the baths, shower trays, accessories, and exclusive one-piece wall panels that millions of customers have come to rely on. Even the adhesive used at installation is manufactured in-house to our exacting standards to ensure the lasting, perfect fit synonymous with the Bath Fitter brand.

With luxury hotels, hospitals, cruise ships and the military choosing Bath Fitter time and again, **our approach has proven itself to be the simple, smart way to transform a bath.**

**WE TAKE PRIDE
IN OUR BUSINESS,
SO YOU CAN TAKE
PRIDE IN YOURS.**

WHAT YOU CAN EXPECT

Over our 35 years, we have developed the tools, the process, and the techniques to make sure your installation can happen in as little as one day.

OUR INNOVATIVE PROCESS

MEASURE

Precise measurements ensure a perfect fit.

MAKE

Baths and shower trays are made to measure in our state-of-the-art manufacturing facilities.

PREPARE

Existing surfaces will be cleaned and repaired installation.

INSTALL

Acrylic baths are installed right over your existing fixtures.

THE RESULTS SPEAK FOR THEMSELVES

“ It has been a pleasure working with Bath Fitter as they replaced over 70 showers in our building. Everything they installed continues to exceed our expectations. I can see now why they have the best warranty in the business.

— Kevin Hanlon,
The Waterford on Highland Colony

”

“ I can not speak highly enough of Bath Fitter. They are fast, efficient, affordable, do beautiful work and always make sure to leave the job site in a clean and tidy manner. By using Bath Fitter, we have reduced the time it takes to renovate a bathroom by 50%.

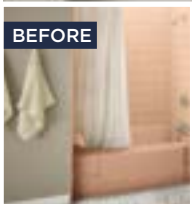

— Meaghan Alford,
Kiwanis Village Society

”

A SOLUTION FOR EVERY NEED

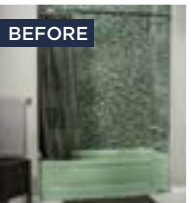

BATH-OVER-BATH

Our premium-quality acrylic baths are custom made to fit perfectly over existing baths with no disruption to the remaining surroundings and in as little as one day. Available in a range of colours and patterns with our seamless wall panel systems to complete the installation, they are perfect for commercial renovations or new construction.

SHOWER-OVER-SHOWER

Our acrylic shower trays and matching seamless wall systems are custom made to fit perfectly over an existing shower unit. Shower trays are available in a variety of sizes, styles and shapes, including square, rectangular, neo-angle and quadrant corner. Complete the installation by choosing from a wide range of shower doors and shower mixers.

BATH-TO-SHOWER

Bath Fitter can quickly convert an existing bath into an extra-large, modern shower. Our professionals remove the existing bath and replace it with a durable, extra-large custom shower tray, and our watertight one-piece seamless wall panel. A range of wall patterns, colours, and accessories are available to complete the look.

WALK-IN SHOWER

A perfect solution for individuals with mobility issues, Bath Fitter can convert an existing bath into a walk-in shower. The existing bath is removed and replaced with an extra-large shower equipped with low-profile walk-in or roll-over shower tray. Choose from our wide selection of assisted-living accessories to complete the look and accessibility of your new shower.

MORE THAN A NEW BATH

EFFICIENCY

We can install our premium quality, high gloss acrylic baths, seamless wall systems and accessories in as little as one day. Our goal is to give you what you want without disturbing the people who depend on your service.

MINIMAL DISRUPTION

Our acrylic bath and shower solutions custom fit the particular needs of busy hotels, dormitories, apartment buildings and a wide variety of other facilities. With no demolition, there are no repairs required for the surrounding area and you can get right back to business.

EASY MAINTENANCE

Our products are durable, non-porous and very easy to clean, so they stay shiny and bright throughout their lifetime. Cleaning staff can reduce the time they spend in each bathroom as a result of the smooth finish of the bath and vertically seamless wall panel systems. And because there's no grout, you'll never have to spend the time and money required to re-grout.

CUSTOM-FIT

A Bath Fitter commercial consultant takes precise measurements of the existing bath and walls. Then, each bath, shower, and wall panel system is made to order one of our state-of-the-art facilities. Lastly, after we clean and repair the existing surfaces, a certified Bath Fitter installation expert installs the new bath and wall system directly over the existing one, ensuring a perfect, watertight fit.

ENDLESS OPTIONS

We often focus on the baths and shower trays, but the magic really happens when we bring all of it together with one of the many patterns available in our wall panel systems. Between colours, patterns, and the wide range of accessories, there are endless options to meet your specific needs.

10-YEAR GUARANTEE

Bath Fitter stands behind every aspect of our business. Our vertical integration ensures that our products meet both our rigorous standards, and yours. We guarantee that our products will retain their good-as-new look for at least 10 years.

INDUSTRIES SERVED

HOSPITALITY

Our innovative process means no mess and minimal disruption to guests. Bathrooms are back in service in as little as one day, with easy-to-clean surfaces to improve efficiency.

HEALTH

Our non-porous acrylic is easy to clean, and our speedy remodel process involves no harsh chemicals. Reducing the downtime for the renovation makes Bath Fitter an ideal choice for hospitals.

MULTI-UNIT

Our solutions will increase revenue and lead to higher tenant satisfaction. Bath Fitter will handle the consultation, measurement, preparation and the installation freeing up the time typically tied up with multiple consultations.

CRUISE SHIPS

Bath Fitter can complete 20 estate rooms, in service, in as little as one day – renovating baths, showers, wall panels, and basins all while guests are enjoying their daily excursion.

STUDENT ACCOMMODATION

Bath Fitter provides affordable solutions for renovations or new dormitory construction that are easy to clean and offer long-term durability.

MILITARY

Easy to clean, affordable and durable solutions completed in as little as one day before, during, or after deployment. With many colours and patterns to choose from, we are able to provide gorgeous spaces for those who serve.

ASSISTED LIVING

Bath Fitter's low-profile walk-in options are perfect for those with limited ability. Many safety accessories are available to provide residents and staff with the security they need.

COUNCIL HOUSING

Bath Fitter will install a new bathtub that fits within budget and without displacing tenants. The durable, easy-to-maintain surfaces will protect your investment for years to come.
