

Future-Proof Your Hotel

Reliable EV Charging to Enhance Your Guest Experience.

EV Supplier to some of the most recognised names in Hospitality

Call to schedule a **FREE** site visit.

Independent Network

As Ireland's largest independent Charge Point Operator (CPO), we offer extensive coverage and accessibility for EV drivers. Our independence allows us to provide flexible, unbiased solutions tailored to customer needs. This scale also supports investment in reliable technology and competitive pricing.

Customer Support

We provide 24/7 customer support via our call centre in Cork, to ensure assistance is always available whenever it's needed. We're committed to continually improving the customer experience by actively seeking feedback and refining our services.

EasyGo App

With over 90,000 registered drivers and access to more than 4,500 public chargers via the EasyGo, ESB e-Cars, and IONITY networks, your hotel can offer guests a seamless and convenient charging experience through our user-friendly EasyGo App.

Revenue Stream

Installing chargers future-proofs your business by meeting the growing demand for EV infrastructure. It also creates a new income stream, attracting customers and boosting revenue. EV Chargers also strengthen your brand's sustainability credentials.

We have a variety of charging options to best suit your needs.

Also be sure to talk to us about our **Fully Funded** option.
