

A modern, grey upholstered ottoman with a striped blanket draped over the top. The ottoman is positioned on a carpet with a complex, geometric pattern in shades of green and beige. The scene is set in a well-lit room, with a white textured surface visible in the background.

Wilton Carpets

**AXMINSTER
RAPIDE
COLLECTION**

AXMINSTER RAPIDE COLLECTION

From the classic to the contemporary, this collection of axminster carpets can typically be woven and on their way to you in a fortnight.

The Rapide collection offers a wide range of designs: dynamic, modern styling and enduring favourites. All are woven in our durable, resilient axminster construction carpet with our optimal 80% wool, 20% nylon yarn and manufactured in our Wiltshire factory.

For more information, get in touch; we'd love to hear about your next project.

Technical Specification

Environmental Credentials

We're dependent on British sheep and the grass they graze, across the country, so it just makes sense to look after our environment. In recognition, we're ISO 14001 accredited and BREEAM compliant.

Sail Safe

For marine applications, have confidence that we're Wheelmark Approved;

- IMO and US Coast Guard Certified
- IMO Resolution A653 (16)
- IMO Resolution MSC 61 (67) Annex part 2 and Annex 2
IMO Resolution MSC 61 (67)
- Part 5 and Annex part 2

Flammability

Our carpets have passed Radiant panel ISP 9239-1.

Pile and Backing

Our yarn is 80% wool and 20% nylon, providing the optimum blend of comfort, sound and heat insulation, resilience and long lifetime value. The backing is woven as an integral part of the carpet weaving process, making our carpets uncommonly durable, even in medium to heavy contract applications.

Quality Assured

It's quality all the way through the business and we're ISO 9001 accredited to certify that. We also have Cfl sl (C Flooring) certification and our carpets have passed the Radiant Panel ISP 9239-1 flammability test.

Environmentally responsible production

This brochure has been responsibly produced in the UK. Printed on FSC® certified paper, using fully sustainable, vegetable-oil based inks, power from 100% renewable resources and waterless printing technology. Print production systems registered to ISO 14001, ISO 9001 and over 97% of waste is recycled.
