**Churchill - Studio Prints Kintsugi Reverse**

Studio Prints collections are a contemporary take on traditional studio pottery. The Kintsugi design is a modern interpretation of the Japanese art of repairing broken pottery. The intricate crackled design features a subtle, reactive texture that makes each piece unique. The design is decorated underglaze, creating a protective layer for added durability. Kintsugi Reverse, a striking take on the original Kintsugi design, featuring bold all-over colour and the signature crackle in reactive Quartz Black.
