ACTION

RECRUITMENT

Agility Hospitality
Continuous Improvement

What we do

First things first, Action Recruitment provides a world-class recruitment service for those seeking to fill hotel management jobs. Our team has both experience as well as knowledge in recruiting senior hotel managers in hospitality. As a result, we successfully recruit the best for the best. Moreover, we work with some of the best hotel employers in Ireland. In short, Action is able to offer you a great selection of candidates for your hotel management jobs. Both in Dublin and all over Ireland.

Our story

In 1974, when Action Recruitment first opened, there were no other recruitment agencies in Ireland. Because of this we were and still are the preferred recruitment agency for hotel careers in Dublin and nationwide. We still work with one of the first people we placed in a hotel management position back in 1974 and we are truly delighted about that fact.

Above all, we are equally dedicated in getting to know both our clients and candidates. Whilst we facilitate Skype and Zoom calls and embrace all technology, we enjoy meeting face to face. In other words, our office doors are always open for you. Furthermore, we value long-lasting connections and will take the time to get to know you. Hospitality recruitment is our business.

We are a hotel and catering recruitment agency who specialise in hospitality recruitment for the following areas:

- Managing Directors
- General Managers / Area Managers
- Deputy General Managers / Hotel Managers
- Directors of Sales & Marketing
- Ecommerce, Revenue and Rooms Directors
- Executive Food & Beverage
- Executive Head Chefs
- Engineering / Leisure and Spa

We help Hotel Businesses like yours deliver greater value by streamlining processes.

Our primary focus is on making the job easier for your team-members by identifying and removing non-value adding activities from their everyday processes, this allows your team to spend more time looking after your guests

Our **"Continuous Improvement"** training workshops will help you to embed a "Leader led & bottom -up" culture in your business which will:

- Improve staff retention
- Enhance the guest experience
- Increase productivity

Our one-day practical and interactive workshops include:

- Continuous Improvement for HOD's and Supervisors
- Labour Forecasting and Scheduling
- 5S Workplace Organisation

To help build your managers knowledge further in this area our brand new 2-day Lean Six-Sigma Yellow Belt course will introduce learners to the proven methodologies of LEAN & Six Sigma.

If you need more hands-on support our **"LEAN Opportunity Assessments"** give you the benefit of a fresh pair of eyes and the support of an experienced LEAN Hospitality practitioner who will:

- Conduct observations of the critical processes in Rooms & F&B to identify areas of opportunity for reducing waste and streamlining process.
- Develop a 90-day implementation plan and support your management team to install the process changes.

Members are experiencing both increased premiums and a lack of viable alternative options at renewal. Arachas in conjunction with our insurance partners, have developed an insurance programme for IHF members which we are confident will deliver competitive premiums, competitive long-term pricing and claims involvement.

Crucially the facility does require a hotel or policyholder to be 'hands on' in relation to Risk Management and Claims Management. Regrettably, insurers currently perceive the hotel sector in general as loss-making and therefore are not enthused to work with you. However by taking the above approach, Arachas are confident that we can provide you with the correct insurance programme at the correct cost.

Arachas Corporate Brokers Limited Trading as Arachas, Capital Insurance Markets, Capital IM, Covercentre, Study & Protect, BJP Taxi, ProEx underwriting is regulated by the Central Bank of Ireland.

Propel your Hotel to Peak Profit and Demand.

Are these challenges familiar?

1. Targeted to achieve consistent and consecutive growth in occupancy, revenue, and profit?
2. Your profit margins are eroded by reliance on online travel agents (OTAs)?
3. The current approach is not creating an environment that fosters customer loyalty and repeat visits?

Achieve sustained, above-trend revenue and profit growth while increasing your brand's recognition, integrity and loyalty.

How: Together we overcome these challenges; ensuring your hotel's demand consistently exceeds availability. Partnering exclusively with ambitious and expert Hoteliers, Aró's Leader Program drives sustained, above-trend revenue and profit growth, while enhancing your brand.

As your digital partner, we collaborate with your sales team, providing a personalised and dynamic path for long-term growth. By leveraging our unique machine learning predictive software, our expert Leader Team execute validated actions for your hotel based on jointly set targets.

Applying to this program requires applicant hotels to align with qualification criteria, to commit resources and to adhere to program principles. Places are limited. Secure your place on our waitlist today.

Exclusive IHF Member Offer

Limited availability from July 2024. IHF Hotelier Members will get priority screening for the program & digital audit which will be conducted on a complimentary basis for qualifying properties.

AVISON YOUNG

Avison Young, including the former GVA Donal O Buachalla business, is one of Ireland's leading independent firms of property advisors, planners and chartered surveyors, with a strong reputation for providing expert property advice.

In particular, we have been strongly involved in appealing valuations of hotel properties for rates purposes, subject to revaluation. Indeed, all hoteliers in Galway, Mayo, Donegal, Kerry, Clare and Dun Laoghaire Rathdown, are currently subject to revaluation and may require advice.

Active in Ireland since 1954, we work with national and international clients, advising on all aspects of their property through our specialist and multi-disciplinary teams based in Dublin and Belfast.

The core principles of our business are integrity, professionalism, confidentiality and in-depth industry knowledge. We establish our clients' needs and proactively provide solutions through a partnership approach as advisors and problem-solvers.

BOI Payment Acceptance (BOIPA) is an alliance between Bank of Ireland and EVO Payments International. It brings together Bank of Ireland's understanding of what Irish businesses need and EVO's expertise in creating payment solutions. Together we have created a competitive and innovative solution that eliminates the prohibitive and complex cost structures associated with non-cash payments. Our pricing models allow you to also accept low-value non-cash payments which is important in an environment where every sale counts.

Our aims

- To make payment acceptance easier
- To offer clear and transparent solutions
- To make payment acceptance available and attractive to all businesses

Unique benefits of BOIPA

- Transparent and reasonable pricing, without complexity or hidden fees
- Next day settlement, irrespective of who you bank with
- With our pricing models there is no need to turn down low value card sales
- Terminals for all types of customer interaction – all supporting contactless payments and fully PCI compliant
- Easy to implement and PCI compliant e-commerce solution with software extensions for all relevant shop systems
- A range of valuable additional services, such as accommodating foreign cardholders who wish to pay in their own currency with Dynamic Currency Conversion (DCC), offering your customers the choice to withdraw cash or handle tips via your terminal
- Gift card solution available in partnership with Savvy
- Fully integrated payments provider with integrations to all leading ePos and Property Management solutions

Imagine transforming a bathroom in as little as one day. That's the power of Bath Fitter.

Our bath-over-bath process means work is completed in one day. Not only that, but our innovative process also means no demolition mess, which allows customers to have their space back up and operational in as little as one day.

While bath-over-bath is our specialty, Bath Fitter also offers showers, bath-to-shower conversions, and seamless, one-piece walls. Our products are made of high quality, non-porous acrylic that is durable and low maintenance. We developed and perfected our acrylic material and manufacture it at our state-of-the-art plants in the USA and in Canada.

We offer a 10 Year Warranty on all our products, and a 10 Year Warranty on our labor and installation.

Our trained consultants take precise measurements of our customer's existing bath before we produce a custom-made bath, or shower, that is fitted during a watertight installation process. Our one-piece vertically seamless walls mean no grout.

Started in 1984, Bath Fitter has been disrupting the bathroom renovation market ever since, with more than 2.5 million baths installed all over the USA, Canada, and Ireland. Since establishing itself in Limerick, Ireland in 2020, Bath Fitter has been successfully transforming baths throughout the IHF network. We manage every step of the transformation process, from planning to manufacturing to installation.

At **Bathrooms4U**, we specialise in delivering complete bathroom renovations. A member of our team will be with you throughout the whole process, from design to installation. Our team will remove the existing bathroom and dispose of the materials, in the most environmentally friendly manner. We provide one team of fully qualified tradesmen, who take care of all the plumbing, carpentry, plastering, tiling and electrical works. Our crews complete a standard bathroom renovation from start to finish in just 5 days.

Our team of qualified tradesmen has enabled us to complete commercial jobs ranging in size. No job is too big or too small for the B4U team, delivering turnkey bathrooms nationwide. On one of our most recent hotel projects, we renovated 30 bathrooms in just 4 weeks, ensuring minimal disruption to the hotel.

With the addition of our state-of-the-art retail showrooms, not only do we specialise in delivering complete bathroom renovations, but we now also supply all the bathware for your renovation project! Visit our showrooms in Manor Retail & Leisure Park, Tralee, Co. Kerry (V92 C82Y) and Westpoint Business Park, Ballincollig, Co. Cork (P31 CY63).

When working on commercial projects, we ensure that:

- A long-lasting, durable product is built, and we offer a one-year guarantee on all work and ware.
- We always provide a product tailored to your needs, delivering a personalized service every time.
- Minimum disturbance to the day-to-day running of your business.
- We fit an eco-friendly bathroom with water conservation possibilities.
- A high standard of hygiene is continuously maintained.

We will happily provide previous commercial referrals, which vary from hotels, restaurants and bars.

Founded in 1840, Bewley's is Ireland's market leading coffee and tea company. We offer comprehensive hot beverage solutions through our range of world class blends, coffee consultancy, thought leadership and trends, world class machinery and servicing programmes, barista training, auditing, marketing support programmes and a grocery retail range.

Bewley's is at the forefront of Irish coffee culture. We were first to import Fairtrade coffee into Ireland and all our coffee has been 100% Fairtrade since 2017. We were also the first to introduce latte art, first to roast coffee in-store and were the first Carbon Neutral roastery in Ireland.

Our approach to sustainability is centred on our four-pillar strategy: people, partners, operations and our offer. We develop strong relationships with our coffee partners, to ensure their quality of life is improved and the coffee growing environment is farmed in a sustainable manner.

We understand the value of strong consumer insights and have made a commitment to continuous research to better understand tea and coffee drinkers and emerging trends. With over 4000 hotels, restaurants and cafes proudly serving Bewley's, we know what it takes to execute a successful offering.

By partnering with Bewley's, customers can be reassured by our wealth of experience and sustainable practices. For more information, please contact Declan Doogan to find out how we can help your business succeed.

To make Ireland the best country in the world to live gluten free

Supporting, empowering, educating and inspiring those living a gluten free life every day

Over 10% of the Irish population cannot eat gluten for medical reasons. 2% of Irish people (102,000) are living with coeliac disease and almost 8% (408,000) with medically diagnosed gluten intolerance. The Coeliac Society of Ireland is determined to make sure that every one of them has the support and help they need to make living with their condition as easy and as normal as is possible. We empower the entire coeliac and gluten intolerant community by providing them with information, advice and practical solutions as they navigate a gluten-free lifestyle.

The coeliac and gluten free market is estimated to be worth over €16m per annum. Would you like a piece of that?

The Coeliac Society of Ireland has developed a unique online training course focused on helping Irish hospitality businesses cater to the needs of their potential coeliac and gluten free customers. The training has been developed to establish & promote best practice in the safe production of meals for this customer segment. The training is split into two modules: Module 1 for front of house staff and managers (40 mins) and Module 2 for food production staff and management (1 hour).

You benefit and earn accreditation from the voice of the coeliac and gluten free community in Ireland all while tapping into this lucrative market segment.

The Coeliac Society also represents your interests by advocating to government health agencies for improved resources and services, so that you and your families can access the care that you need. Together we can make Ireland the best country in the world to live gluten free.

**CS Consulting full GDPR
and Human Resources Solutions**

'The greater effort that has been made by a data controller in mitigating and reducing any risk, by its policies, procedures and training then the greater the possibility that any potential harm caused by a breach has been significantly reduced, and the lesser chance of a fine or enforcement action, occurring from this office'. Irish Data Protection Commission

CS Consulting's approach has been to work closely with the Data Protection Commissions (DPC), with whom we have a good working relationship. We understand their expectations specifically of the Hotel industry and we include this in the services we provide.

We provide the following services:

- **Review and Redesign of Policies and Procedures:** We review and redesign policies and procedures for our client hotels in a hotel specific manner using examples of GDPR issues /questions that have arisen over the years in hotels with the DPC's clarifications which does allow a greater understanding of GDPR for your teams.
- **Training:** The DPC expectations are that all staff are GDPR trained and have suggested that regular /annual training should also take place as GDPR is an evolving issue as circumstances change/ staff turnover etc.
- **GDPR ongoing support:** It is our experience that when teams know that there is GDPR support available to them, when queries arise, they will contact us for clarification. This results in the teams getting a better understanding of GDPR themselves as the queries are specific to what they are doing each day. The greater the teams understanding of their GDPR responsibilities the more protected the hotel is from breaches.
- **Specific Supports:** Dealing with breaches, subject access requests, personal claims made against the hotel for data breaches. As you are aware the hospitality Industry must deal with a claims culture and a worrying trend we are seeing more and more of, is people using alleged breaches of GDPR to try to secure financial compensation from hotels. We provide GDPR support for our clients in this regard.
- **HR Services:** We provide any and all of the following services: **Visa Applications, Contract Design, Fully Detailed Employee Handbook, Job Descriptions, Performance Reviews, Training, Sourcing New Staff.**

Free consultation: For a free consultation to discuss your potential GDPR policy and training requirements, please contact us below.

DALCASSIAN

BRINGING LEGENDARY BRANDS TO LIFE

Dalcassian Wines & Spirits have been in the drinks business since 2005, with an ever-growing portfolio of Wines, Spirits, Liquors, Mixers and Cider.

Our mission to be Irelands Premium Wine & Spirits Distributor is a continuous journey for Dalcassian as we enter into 2024 and look forward to the year ahead.

If you would like to receive a copy of our brochure, please drop a line to info@dalcassianwines.com or call 01 2937977, and we would be delighted to send a copy in the post or by email.

2024 will bring new challenges in the Industry as the cost of doing business remains high. However there are still many opportunities with the addition of almost 100 new wines, of which 50+ are organic and biodynamic. We have also partnered with a number of wineries that enable us to supply private label wines, selected by the customer for their establishment. If this is an initiative you would like to bring to your business, please contact Andrew on 086 010 7385 / aobrien@dalcassianwines.com.

Our range of Spirits boasts some of Irelands best made Whiskeys, Gin and Vodka, led by The Shed Distillery and Drumshanbo Gunpowder Irish Gin, The Irishman & Writers Tears Whiskey and Five Farms Irish Liquor. We have an extended range of premium Rums and Tequila brands and are delighted to announce that Dalcassian Wines & Spirits are now the Irish distributor for Plantation Rum, one of the world's leading rum brands.

We very much appreciate the business you bring Dalcassian Wines & Spirits and for your loyalty since our story began in 2005. Dalcassian can be of tremendous benefit to your business when it comes to staff training. We offer a range of services across wine knowledge training, wine service training, whiskey training and cocktail training. We would be delighted to assist you and your staff in providing quality training that will give an adequate level of knowledge and confidence which will guarantee your customers have an enjoyable experience when they visit your premises.

If you would like to get in contact with our team, please feel free to contact us on 01 2937977.

Enowine has been supplying wine to hotels, restaurants and gastropubs around Ireland since 2005. We source our wines from small family-owned vineyards around the world.

We look for independent makers of authentic, natural and individual wines of real character with a true expression of the region they come from.

As well as offering high-quality wines, we offer high-quality service, expertise, support and training too. We travel the world, sourcing top quality wines for you and your customers to enjoy.

For every wine we buy, we have tasted many more that don't make our list.

Just as important as the wines are the people who make them, so we seek out family-owned wineries that have a passion, a drive, an honesty and a commitment that make them perfect long-term partners for us – and for you.

We offer all our customers:

- A wide range of exclusive, great value wines at all price levels
- Next-day delivery to anywhere in Ireland from our own bonded warehouse
- Fast and efficient delivery
- 24 – hour ordering service
- Staff training by our wine specialists
- Wine selection advice and back-up from our specialist wine team.

Who we are

Fifty Shades Greener was established in 2017 in Ireland, and we are now working internationally to educate businesses and communities on environmental sustainability.

We are the leading environmental education provider for the Hospitality industry working in partnership with the Irish Government through the Education Training Boards.

Contrary to perception, running a Green business will not only reduce carbon emissions, it can also reduce costs and generate savings straight to the bottom line.

With a combined 65 years experience working in the Hospitality industry from our team of experts, we understand the industry well, the barriers it faces, and the solutions to those barriers.

Fifty Shades Greener head office resides in Ireland, with two branches in the UK and many international partners.

What we do

Fifty Shades Greener makes environmental sustainability make sense to business owners, with a practical step by step framework that allows businesses to measure, monitor, manage and reduce their use of energy & water and waste production, following the Fifty Shades Greener method.

Energy for everyone

Flogas Ireland supplies LPG, natural gas and 100% renewable electricity to the hotel and hospitality sector nationwide, supporting its journey towards a greener future.

We go beyond simply managing and accommodating your energy needs.

We can create and implement a turnkey energy solution specific to your business that now includes renewable energy technologies.

We also offer an internationally verified carbon offsetting solution to our customers, which is recognised worldwide as a way of managing carbon emissions. For a minimal fee, Flogas will purchase carbon credits on behalf of participating customers, investing in sustainable global projects that either reduce or capture an equivalent amount of carbon emissions. The projects in which Flogas invests adhere to internationally recognised gold standards and the Verified Carbon Standard (VCS) criteria. Many hospitality clients have signed up to the initiative as part of their sustainability journey.

Understanding each customer's specific challenges allows us to design custom solutions that deliver real improvements in business performance.

Glory's solutions help over 300 hotels globally from smaller independents to large international brands. Have you ever considered a different option to manual cash handling and processing and the positive impact it would have on guest experience, and the operational efficiency of your hotel?

By leveraging cash automation technology for payment processing, Hotels can give their full attention to their guests and focus on the customer experience.

GLORY's CASHINFINITY™ cash recycling solutions automate the cash processes across your entire business in the back office and front office, whether that be in the cashier room, at your check-in desk or your bar and restaurant enabling you to:

REDUCE shrinkage and improve security

INCREASE staff productivity

REDUCE reconciliation and investigation time

REDEPLOY experienced key staff members to higher value tasks

REDUCE cash-in-transit costs

ENHANCE guest experience

Great Place to Work® is the global authority on workplace culture. We help organisations quantify their culture and produce better business results by creating a high-trust work experience for all employees. We recognise Great Place to Work-Certified™ companies and the Best Workplaces™ in more than 60 countries.

After supporting small to large organisations in the industry for more than 20 years, Great Place to Work has gone a step further in its collaboration with the sector as the official employee experience and insights provider for Fáilte Ireland's Employer Excellence Programme.

This initiative is designed by Fáilte Ireland to support businesses to drive great employee engagement and continuously build the appeal of their workplace. It will spotlight excellent employers and help to reposition the tourism sector as a rewarding and attractive place to work. So far, over 200 organisations have registered for the Employer Excellence Programme and started on their Great Place to Work journey as part of it.

Here in Great Place to Work, we have been thrilled to partner with so many businesses in the sector over the last 12 months. In particular we would like to congratulate all of the IHF members who have been Great Place to Work-Certified™ and recognised as Excellent Employers.

Get in touch with us to join the thousands of companies that have committed to building high-trust cultures that help them attract, retain and take care of their people.

Green Hospitality has been the Irish Hospitality, Travel & Tourism Resource for Sustainable and Responsible Tourism for more than 20 years. The Green Hospitality Awards are Internationally Recognised as a 3rd Party Environmental and Sustainability Certification Awards Programme, including GSTC Recognition, and are based on Internationally Recognised Criteria – the Global Sustainable Tourism Council (GSTC), WTTC Hotel Sustainability basics, and EU Ecolabel – and supports many UN SDGs.

The Green Hospitality Programme (GHP) is a Guaranteed Irish company with all revenues staying in Ireland, supporting Irish jobs – the 1st step by any company committed to sustainability.

In 2024 Fáilte Ireland will launch a national Sustainability Assurance Scheme to promote sustainable businesses to the market. GHP certified members will be ideally positioned to immediately benefit. It is becoming imperative for all companies to hold 3rd party environmental & sustainability certification – GHP provides a platform from initial certification to world class sustainability certification – you choose the pace that suits your business.

Our Services include;

- **Green Hospitality Awards:** 3rd Party Environmental Certification and GSTC Recognised Sustainability Award – for larger businesses
- **GREENMark:** our micro-certification for Guesthouses and Small Businesses
- **Training:** Green Leader and Employee Induction
- **Resource Efficiency Support:** Energy, water, waste management and cost reductions
- **Carbon Footprinting Certification:** Scope 1, 2 & 3 and Carbon Neutral12 GREENMark
- **Certified Environmental KPI's:** to support RFP bids & quotations
- **Promotion:** GreenTravel.ie

The Hotel Investment Fund (HIF) provides financing for Irish Hotels that are looking to protect and grow their business after what has been a challenging period for the Irish hospitality industry.

The fund provides hotel owners with gap funding over the medium term (3-year investment with potential to extend to 5-years, in certain circumstances) to allow their business to develop and grow.

No interest is payable on the HIF Facility until redemption at the end of the term.

The HIF is a €50m fund with capital provided by the Irish Strategic Investment Fund (ISIF). The funding can be used for:

- Working capital and cash flow funding;
- Capital expenditure;
- Green and environmentally sustainable investment funding.

Reasons to apply for HIF Funding

- Guaranteed fixed coupon for the Term with no increases;
- Unsecured financing;
- Access to capital where commercial banks may be unwilling to advance funds;
- HIF managed by hotel industry professionals who understand your business;
- Rolled-up interest for the term;
- Used with commercial debt finance, blended cost of capital can be attractive;
- Timely decision-making;
- State-backed fund (ISIF)

Enhance your hotel experience with IMRO's Dual Music License, a key that opens the door to a world of possibilities in hospitality. To stand-out from competitors and create an unforgettable guest experience, incorporating music becomes a powerful element with significant impact. Explore the transformative advantages of integrating music into your hotel and understand why you should secure a Dual Music License from IMRO.

Picture setting the perfect mood in your lobby or bar, immersing guests in a symphony of soothing melodies and vibrant soundtracks. Music transforms into a narrative that seamlessly aligns with your brand, elevating the overall guest experience. With the right music, you can construct a narrative that captivates guests from the moment they enter, leaving a lasting impression.

Beyond aesthetics, music becomes a strategic investment in your hotel's brand identity. It reinforces your values, establishing a unique atmosphere that guests connect with, making your hotel more memorable and shareable. Elevate guest satisfaction, foster loyalty, and cultivate an environment where the soundtrack becomes synonymous with exceptional service.

The Dual Music License ensures compliance, supporting artists while granting legal rights to play an extensive repertoire of both local and international music. Elevate your hotel's ambiance, engage your guests, and unlock the harmony that sets your hotel apart as a destination where every note contributes to an unparalleled experience.

About IMRO:

IMRO manages performing rights for copyright music in Ireland, representing songwriters, composers, and music publishers. Additionally, it acts as an agent for Phonographic Performance Ireland (PPI), collecting performance royalties for record producers and performers.

We design, install, and commission on-premise laundries for the hospitality sector, in addition to providing excellent after-sales service.

Our Story

We supplied our first hotel customer over 30 years ago, they are still good customers today, making Girbau Laundrysystems.ie the longest established laundry equipment supplier in the Irish market.

Today we are the exclusive distributors of Girbau equipment throughout the country. We develop relationships with our client, sometimes taking over the service of existing equipment, relying on our spare parts store of over 4,000 parts, sourced internationally, to maintain equipment.

Our Products

Safety, quality, and turnkey design are the cornerstones of our offering. Girbau equipment washers, dryers and ironing lines are installed in 4 & 5* hotels throughout the world. We have created wash programmes with our partners in the detergent industry to target hard to remove stains specifically found in the hospitality sector.

Over the past 30 years, there have been developments in laundry equipment. Today, through our Sapphire product all the equipment in a laundry can be viewed remotely through the iCloud, this allows for real time monitoring of the equipment, dramatically reducing downtime and identifying planned maintenance needs. We have embraced and taken on these innovative technologies to immense success.

Our People

Our greatest strength is our people with knowledge and experience of the laundry industry. Our client-driven structure enables us to react with speed and flexibility to meet our customer's needs.

Loghouse was first established in Ireland in 2007. With over 6,500 installations to date we are Ireland's leading supplier of log cabins and garden outbuildings. We pride ourselves on being able to offer fully bespoke or customised log cabins to the customer's specifications. Currently the company operates from three locations within Ireland. We have a team of in-house sales associates, designers, architects and project managers with over 50 years of combined experience in the building industry.

At Loghouse we design and build a comprehensive range of premium quality log houses and cabins intended specifically for the Irish market and the weather conditions that Ireland provides. We offer the widest choice of log buildings available in Ireland which include four and five bedroom homes, holiday chalets, multi-function log cabins, garages, and stables.

How Log Cabins Can Enhance Your Hotel's Appeal

Loghouse.ie's log cabins create an experience that blends rustic allure, homely comfort and modern amenities into one unique package. Their appeal among holidaymakers has increased exponentially – it's easy to see why! Log cabins are an emblem of eco-conscious living. Constructed using eco-friendly materials, these structures reflect the green ethos of travellers today – making them an attractive option for those searching for sustainable hospitality solutions.

Log cabins' allure goes far beyond their eco-friendliness. Showcasing an eye-catching aesthetic, log cabins blend nature's raw beauty with nostalgia and innovation for an atmosphere that is intimate, comforting, and uniquely Irish. When combined with their eco-friendly features, log cabins make an effective strategy for hoteliers looking to increase occupancy rates and bookings.

MDO

A R C H I T E C T S

MDO Architects have made a significant contribution to Ireland's luxury hospitality sector through exceptional work completed on two iconic Irish properties: Carton House and The Marker Hotel.

At Carton House, we have reinvigorated the breathtaking 18th-century Georgian mansion while seamlessly blending in a new reception and courtyard bar extension. The result is a harmonious marriage of old-world charm and modern sophistication, creating an enchanting atmosphere for guests. Attention to detail is evident in the preservation of original architectural features, bespoke furnishings, handmade wallpapers, and sumptuous interiors that exude elegance and opulence.

Anantara The Marker Hotel, located in Dublin's Docklands, showcases our approach to contemporary luxury hotel design. The sleek, glass-fronted building features cutting[1] edge architecture, and sets a new standard for modern elegance in the city. Inside, the hotel's interiors are both functional and luxurious to meet the needs of the business and leisure travellers. The attention to detail, use of high-quality locally-sourced materials, and incorporation of contemporary design elements contribute to an atmosphere of effortless sophistication.

Our experience in the Irish luxury hotel sector is unrivalled, and our work reflects our commitment to creating extraordinary spaces for guests. Further work on planned bedroom refurbishment at The Shelbourne Hotel is ongoing, alongside our current project on the sample bedroom refurb for Killarney Park Hotel in advance of the full bedroom refurb in January 2025.

Welcome to Northern Feather Hospitality Products. With 40 years' experience, Northern Feather are experts in providing quality bedroom and bathroom products that will ensure your guest experience will be luxurious and restful.

Bespoke Manufacturing

Northern Feather manufactures onsite in Westport and with a wealth of experience dating back to the 1960's we have the knowledge and expertise to fulfil large or small orders to your exact specifications.

We have worked with leading hotels for many years and have developed an extensive range of superior quality duvets which are especially suited for hotel bedrooms.

We take pride in the fact that our pillows are constantly sought after by customers who have stayed in hotels all over Ireland and have experienced such a comfortable night's sleep that they want to purchase the same pillows for their own home. This is an ongoing testimony to the quality of the product we provide, a standard we are proud of and will always strive to achieve.

One of the luxuries that guests look forward to when they stay in a hotel is fluffy towels! Our premium Hotel Quality Towels are pure white 100% cotton in 480gsm weight, resulting in a thick absorbent and fluffy towel.

We also supply linens, protectors, toppers, kitchen and dining ware. Read more about us and our products on our website.

Nutritics is the leading provider of recipe development and menu management software to the food industry. Their user-friendly software allows for ease of compliance with food law, optimal menu management and publishing and facilitates a direct link of food information between suppliers, operators and customers.

Founded in Ireland in 2013, Nutritics has grown organically to now serve over 10,000 food businesses in 100+ countries. It is the only software solution globally to be independently accredited by EUROFIR for accuracy in recipe calculation methods.

The software provides a complete menu management system including:

- Direct link with suppliers to share food information
- Food labelling design, cost management, waste management, automated allergen & nutrition calculation, menu engineering
- Customer & online ordering, customisable digital menu publishing and food label printing.
- Automated carbon emission and water usage analysis, management, and reporting solution.

In 2022 Nutritics launched Foodprint, a fully automated carbon footprint scoring system for foodservice and hospitality businesses. Foodprint provides businesses with an innovative solution to understand, manage and report on the carbon footprint of their food purchases, how it is trending over time and how changes are affecting the environment. The system fully supports and automates non-financial Scope 3 ESG reporting requirements. Alongside this, food service businesses can use Foodprint technology to add a carbon footprint score to packaging, dishes and promotional materials and communicate this with customers and clients.

Pigsback is a members-only travel and experience site with 1.5 million members in Ireland. Pigsback is part of the Secret Escapes Group, a luxury travel group with over 62 million registered members worldwide.

The hotels and experiences on Pigsback are hand-picked and the packages are curated by our travel experts. We are always on the lookout for additional perks that make staying at a hotel extra special. Each property has a dedicated travel expert who will consult with them to understand their needs and ensure optimal rates drive sales when needed most. You don't pay to be listed you merely pay a commission for each booking so you can use our platform as an extension of your existing revenue and marketing strategy.

We engage with our members through highly tailored online marketing and daily newsletters, using their preferences to target them with suitable content. Just 13% of purchasers were planning a trip when they booked with us, so you can rest assured that our guests are purely incremental customers spending in your hotel.

Repak is Ireland's only Packaging Recycling compliance scheme. Our purpose, on behalf of our 3,500 Members, is to lead the recycling and sustainability of Ireland's packaging; advocate for a new circular economy; and educate businesses and consumers on reducing and recycling packaging.

At Repak, we are passionate about protecting the environment and reducing the environmental impact of packaging, while helping to deliver Ireland's recycling targets for the five main materials. As per the new Regulations, Irish businesses are required by law to adhere to regulations concerning the separation of packaging waste. It is important therefore that your business is segregating all recyclable packaging, particularly plastic materials like pallet wrap, shrink hoods, case wrap, and pallet sheets. If you are having challenges achieving segregation on-site due to the bins or balers you currently have, please engage with your waste contractor.

If you require support, please contact our packaging services team here at Repak or visit our website for further information.

For over 23 years SMRI has been providing cost saving solutions to its clients with regard to their IMRO, PPI & Sky charges which for many hotels can be a significant cost. To date we have saved our clients in excess of 4 million euros.

Part of your IMRO terms and conditions state that unless they are advised of any changes to your music use within 30 days of the issuing of your renewal invoice for background music and within 13 months for featured music (Live music, DJ, weddings, etc.) no retrospective adjustments will be made.

It is our experience that music use in hotels changes every year and unless your IMRO charges are reviewed annually you may be paying for music that you didn't in fact use.

SMRI will review your music use and ensure you are only paying for the music you actual use.

More Cost Savings: SMRI & Soundreef collaborate to provide IHF members with fully licensed quality music resulting in **50% net savings** on your current IMRO & PPI background music rights costs.

This can result in annual savings of between €1,000 to €2,500. As IMRO charges, for the areas where Soundreef is exclusively used, will no longer apply.

Try it for FREE - you can try our service for free for the first month and cancel at any time during that month with no obligation.

In the case of Sky, we will ensure you are on the most cost-effective contract, as a number of hotels that we have reviewed were on a more expensive contract.

TourDesk is a comprehensive tour booking service for hotels and guesthouses. It brings a new source of revenue, increases your service level, and reduces the workload on your front desk and back office.

TourDesk offers two main features:

- **Agent System**, used by the front desk staff as a point-of-sale. The Agent System allows the front desk and concierge to easily and securely identify, book, and confirm a tour for a guest standing in front of them.
- **Sales Portal**, used by guests to plan their own adventures. The Sales Portal automatically allows you to earn revenue from your guest's bookings. TourDesk creates a Sales Portal for you and customizes it with your logo and brand colors. You can then simply share the Sales Portal with your guests who then can book their experiences on their own in one location.

TourDesk has operated in Ireland since early 2018, already working with many premier hotels and we're eager to add more partners to that list.

Using TourDesk is entirely free of charge, and in fact, we pay our partners a commission for every sale made through the system! We have a vested interest in increasing your revenue, as our business model is entirely sales-driven.

Reduce Costs Instantly

Trinity Purchasing is an international procurement organisation that focuses primarily on the hospitality industry. We collaborate with our clients to achieve considerable savings through our collective purchasing activities.

As a team we have a wealth of industry experience; our team members include executive chefs, hotel general managers and procurement managers so we understand the operational and financial challenges of your day-to-day business and we work in an advisory capacity. Recommendations are made without obligation, and you can choose to work with just one, all, or none of our nominated suppliers. You have nothing to lose and everything to gain.

Trinity Purchasing operate through a simple invoice-based benchmarking process, whereby our relationship managers conduct a confidential pricing review either on-site or remotely, at no cost to our clients. We then outline areas where savings can be realised and make recommendations based on those findings.

We also offer access to Pi, our award-winning, cloud-based procurement system. The system includes a suite of purpose-built modules designed to empower finance, procurement and catering teams by providing full visibility, control and a consistent picture of your catering operation at any time.

The VDA-Telkonet Group is the largest global player in the field of Energy Management Systems and Guest Room Management Systems for the world Hospitality market. The Group defines the future of the sector by focusing on people as a valuable element of smart technologies and by offering the right balance between maximising comfort and saving energy.

The Group is the global leader in IoT Hospitality technologies. As the industry's leading solution provider, the Group's experience in the service and support of its customers benefits them in all phases of their projects, from consulting to engineering, to delivery and ongoing support of the completed project.

With around 1 million rooms installed in 50 countries and more than 60 years of experience and two in-house R&D Teams of around 40 engineers with hardware and software expertise, the Group demonstrates a deep knowledge of the markets in which it operates and is a strategic partner for the global hospitality market.

Our Irish base has both sales and support by our own engineers supporting over 100 Hotels in Ireland and offers solutions for lighting and temperature control, door access control, energy-saving optimisation, and entertainment systems to provide Hotel guests with the best experience.

Energy management system and Guest Room Management System technologies can save up to 40% of energy consumption, which is why it is critical for accommodations to equip themselves with occupancy-based automation technologies.

The Group's intent is to establish a culture of environmental responsibility and awareness to create a better future for the people of today and tomorrow.

We know that providing the right balance between maximising comfort and saving energy, people's living environment improves through strategies that optimise the interaction between individuals and the ecosystem in which they interact.

Ethically sourced linen, trusted by the world's leading hospitality brands.

Vision is the textile brand behind the biggest names in the hospitality and laundry markets, and is a nominated supplier for Hilton, Marriott, IHG and Accor.

We supply the highest quality of ethically sourced linen products, matched to our customers' needs. Our offering is always transparent, clean and uncomplicated. Whether it's a top of the range 300 thread count duvet cover, or an economical and durable bath towel, the Vision brand has the ability to deliver your brand standards.

With more than 200 years of textile experience and expertise, we've come to learn how to create consistently hard-working products that can withstand the rigorous washing processes of commercial laundries while meeting the unique needs and budgets within this industry.

We contribute our success to the relationships we have developed with our customers, from our exceptional service levels to collaborating on industry product innovations.

To request our Product Catalogue, or for more information and advice, please get in touch with the team at Vision. Alternatively, visit visionlinens.ie where you can shop for our products online, with free delivery on orders over €100 and delivered direct to your door.

Exclusive IHF Member Offer

Earn 5 reward points for signing up to the online Visionaires Members Club and earn an additional 5 points for your first linen purchase. That's the equivalent of €5 to redeem on your next linen purchase.

Wilton Carpets

Our Story

Legend has it that in the 18th century, the Earl of Pembroke smuggled 2 Flemish weavers out of the French court in wine casks, settling them in the heart of the Wiltshire countryside, so they could bring their craft to the UK. In 1741, they produced the first Wilton carpet, named after the town of the same name, and we've been producing carpet with the same pioneering spirit and passion on the same site ever since.

We now manufacture Axminster and tufted carpets too, and our reputation for quality, durability and creative design makes them perfectly suited to the demands of the leisure and hospitality industry.

Your Story

You might need a super-quick turnaround on an emergency project, if you want advice on which carpet construction will offer the best value for your venue, or you might have a creative vision for a bespoke design scheme that needs translating into carpet reality; our Project Consultant, Danny will work with you to help deliver the creativity, fit and durability for your project.

From sleek city venues, to the comfort and welcome of your local, Danny's expertise and dedication will ensure your project has the perfect carpet solution.

Introducing WrkWrk, the groundbreaking staffing app that takes the stress out of hiring temp staff. Designed with a focus on efficiency and simplicity, WrkWrk provides a seamless platform for employers to instantly find the staff they require, ensuring you will never find yourselves short staffed again.

Our goal is to ensure that you always have the necessary staff available when you need them. We have over 4000 screened, interviewed, trained and reference checked staff ready to work at a moment's notice. Combined with a user-friendly app interface and powerful algorithms, WrkWrk streamlines the hiring process, making it faster and more transparent than ever before. All that is required from the employer is the rate of pay, required number of staff and length of shift. The rest is handled by us! Simply download the app, enter your requirements and watch your shifts fill in real time. You can even send messages directly to staff before they arrive for their shift.

Download the app and join the WrkWrk community today and experience the future of staffing in Ireland. Say goodbye to traditional recruitment hurdles and embrace a digital platform that connects you with the right talent efficiently and effectively. WrkWrk: We make Shiftwork work for everyone.
