Ballygarry Estate Hotel & Spa Case Study

The Brief

Ballygarry Estate and Spa entrusted Bathrooms4U with a comprehensive bathroom refurbishment project for guest rooms. Our team supplied and fitted high-specification sanitary ware, slate shower trays, custom timber panelling, and quartz finishes. Each space was prepped for final touches like wallpapering and lighting, with a focus on delivering durability and elegance to match the hotel's luxury standard.

Our Vision

Seamlessly blend modern functionality with timeless sophistication. We curated a clean, classic look using half-height timber paneling with quartz trim, premium sanitary ware, and thoughtfully designed layouts tailored to each bathroom's dimensions. From custom-built stud walls enhancing shower spaces to integrated features like recessed shelving and LED lighting, every detail was designed to enhance guest comfort and aesthetic harmony. The result: refined, spa-like spaces that elevate the guest experience and complement the prestige of Ballygarry Estate.

What They Said

“We’ve just recently completed a refurbishment of a third of our bedrooms in the hotel which included using Bathrooms4U for the bathroom refits.

From the outset, from capturing our design brief, they were fantastic to work with. The team on the ground were really proactive.

I’ve never worked with a team that were so clean on a job and the finished result is excellent. We would be delighted to work with them again in the future.”

Inchydoney Island Lodge & Spa Case Study

The Brief

Our journey at Inchydoney began with a thorough assessment of the existing spaces. Understanding the unique requirements of a commercial setting, we collaborated closely with our clients to align our vision with their expectations. The project kicked off with a detailed planning phase, where design concepts were discussed, and a tailored timeline was established.

Our Vision

Drawing inspiration from the coastal beauty of Inchydoney, our design team conceptualised a modern, yet timeless aesthetic for the bathrooms. Incorporating durable materials and functional layouts, our aim was to create a space that not only met the highest standards of hygiene and convenience but also reflected the coastal charm of the location.

What They Said

“We have been dealing with Bathrooms4U for three years now, just finishing the third phase of replacing all our bathrooms.

They’ve done everything for us, ripped out the old tile, plump, paint, everything. It was a huge advantage for one company to have responsibility for all trades.

Bathrooms4U are experienced in working in a hotel environment and were great at working with our team. And the quality for their work was exactly what we wanted. I’d highly recommend them for any project.

We found them a great team and very professional to deal with and we’re hoping to do more work with them again in the future.”

Victoria Killarney Hotel Case Study

The Brief

Bathrooms4U was commissioned to undertake a comprehensive bathroom renovation project for the Victoria Hotel, transforming outdated guest bathroom facilities into modern, luxurious spaces that reflect contemporary hospitality standards. The brief encompassed a complete strip-out and refurbishment of multiple bathroom units, incorporating high-quality fixtures, contemporary tiling solutions, and upgraded plumbing and electrical systems. The project involved careful coordination to minimize disruption to hotel guests, with works planned in phases to maintain operational capacity while ensuring all renovations met current building regulations and hospitality industry standards.

Our Vision

Our vision was to create sophisticated, functional bathroom spaces that enhance the guest experience while ensuring durability and ease of maintenance for hotel operations. Each bathroom was designed to maximize space efficiency while incorporating premium finishes, modern shower systems, elegant vanity units, and thoughtful lighting design. The renovation aimed to elevate the hotel's accommodation standards, providing guests with spa-like bathroom experiences that complement the Victoria Hotel's commitment to exceptional hospitality and comfort, ultimately contributing to improved guest satisfaction and the hotel's competitive positioning in the market.

What They Said

“We are absolutely thrilled with the eight-bathroom renovations completed by the Bathrooms4U team for The Victoria Killarney.

From the initial consultation to the final touches, their team was professional, knowledgeable, and a pleasure to work with. They provided helpful advice on design and materials and kept us informed every step of the way.

The quality of their workmanship is exceptional, and we are particularly impressed with the attention to detail. Our new bathrooms are not only beautiful but also functional and has significantly enhanced the overall experience. We have no problem in highly recommending Bathrooms4U for any bathroom renovation needs.”

*John & Sinéad Courtney,
Proprietors of The Victoria Killarney*

Bloomfield House Hotel

Case Study

The Brief

Our journey at the Bloomfield House Hotel, Leisure Club & Spa began with a detailed assessment of the existing bathrooms. Understanding the unique requirements of both a commercial setting and our client vision, we collaborated closely with our clients to align both vision and expectations. The project started with a detailed planning phase, where design concepts were discussed, and a tailored timeline was established to benefit our clients.

Our Vision

Drawing inspiration from the tranquil beauty of the countryside, our design team conceptualised a modern yet timeless aesthetic for the bathrooms. Incorporating durable materials and thoughtful layouts, our aim was to create a space that not only met the highest standards of comfort and functionality but also reflected the serene charm of the surrounding landscape.

What They Said

“Bathrooms4U worked closely with us throughout the projects using their expertise to bring our concepts and vision to life. They carried out a detailed assessment of the work required, set clear costings, developed plans that comply with industry and building-specific standards and set timeframes to complete the work with minimum disruption.

There was regular updates and briefings throughout the construction process. They found solutions to any problems they ran into when dealing with older areas of the building and completed work within the specified timeframe. Their professionalism, attention to detail and commitment to a high-quality finish really stood out. We look forward to working with Bathrooms4U in the future.”
