

DCC

Dynamic Currency Conversion (DCC)

DCC allows international guests the choice to pay for goods and services in their home currency with ease

Benefits to the guests

Clarity of payment: The amount quoted at the time of sale is amount the guest will be charged by the hotel.

Competitive rates: DCC offers your guest trusted and up-to-date exchange rates.

Choice: DCC is always offered as a choice and it is the guest's decision to accept or decline it.

Track spending: DCC allows the guest to keep track of the amount they are spending.

Benefits to the hotel

- DCC allows you to offer a value added service to your international guests.
- DCC generates a revenue stream for your hotel.

How to offer DCC to your guest

The terminal automatically display the amount in the guest's currency.

Keep it simple by asking your guest:

"would you like to pay in your currency or the local currency today?"

"Please select which currency you would like to pay your bill in."
