

Pest control for hospitality

Safeguard Your Reputation with Pest Pros

In hospitality, every guest experience counts, and nothing disrupts that experience faster than a pest problem.

At Pest Pros, we understand the unique challenges hotels and hospitality venues face: high turnover, food and beverage services, and expansive facilities make properties particularly susceptible to unwelcome guests, rodents, bed bugs, cockroaches, ants, and more.

The Cost of Complacency

A single sighting can undo years of brand-building, drive negative reviews, and even trigger legal and regulatory consequences. Word spreads fast in today's digital environment, and even minor incidents can become major reputation risks.

"The whole team at Pest Pros were a dream to deal with, courteous and friendly..."

Proactive Protection: Integrated Pest Management for Hotels

Our tailored pest management programs are designed specifically for the hospitality industry. **Key features include:**

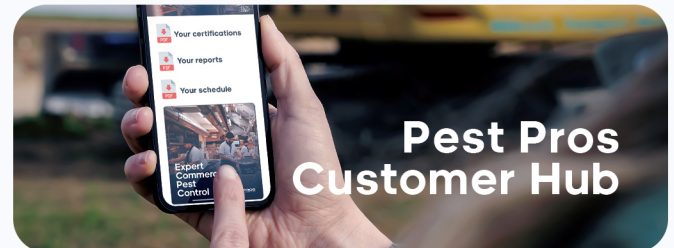

- ✓ Thorough, hotel-specific inspections aimed at identifying entry points, vulnerable zones, and compliance gaps.
- ✓ Ongoing monitoring for all high-risk zones: guest rooms (for bed bugs), kitchens, pantries, laundry, waste, and storage areas.
- ✓ Integrated Pest Management (IPM) methods, prioritising prevention, minimising environmental impact.
- ✓ Emergency rapid response, available 24/7 to address issues swiftly before they escalate.

Compliance & Audit-Ready

Pest Pros' solutions support your compliance with all relevant legislation and food safety standards (including HACCP), with comprehensive documentation and audit-ready reporting for every visit.

Expertise You Can Trust

Highly trained pest control specialists with deep hospitality experience. Discreet service, with minimal disruption to guests and operations. Use of the latest monitoring technology and environmentally responsible treatments, in line with industry best practices.

INTRODUCING: Pest Pros Customer Hub

We believe in empowering our clients. Through your online hub, you have 24/7 access to your pest control records, service schedules, and treatment documentation. We also offer staff training programs to help your employees play an active role in maintaining pest-free environments.

- ✓ 24/7 access to pest control records
- ✓ Schedule and track service visits
- ✓ View and download documentation

PEST PROS ADVANTAGES:

- ✓ Comprehensive Pest Management
- ✓ Compliance and Certification
- ✓ Expert Technicians
- ✓ Eco-Friendly Approach
- ✓ Customised Programs
- ✓ Rapid Response

"Your team is knowledgeable and skilled, and they are always willing to go the extra mile to ensure that their service meets our expectations"

Pest Pros Joins the Irish Hotel Federation as an Associate Member

Pest Pros, market leaders in commercial integrated pest control services and management for the Irish hospitality and HoReCa sectors, is delighted to announce its new status as an associate member of the Irish Hotel Federation (IHF).

As a leader in professional pest prevention and management solutions, Pest Pros looks forward to supporting the Irish hotel and guesthouse sector through its expert, tailored services.

By joining the IHF, Pest Pros reinforces its commitment to maintaining the highest standards for guests and operators across Ireland.

Founded in 1937, the Irish Hotels Federation is the national organisation for the hotel and guesthouse industry in Ireland. Representing almost 1,000 hotels and guesthouses nationwide, the IHF is a key stakeholder in the Irish tourism sector, providing advocacy, resources, and support for its members.

Pest Pros is proud to be part of this vibrant network and looks forward to working closely with the IHF and its members to help ensure their environments remain safe, hygienic, and welcoming for all guests.

PEST PROS ADVANTAGES:

- ✓ **Comprehensive Pest Management**
- ✓ **Compliance and Certification**
- ✓ **Expert Technicians**
- ✓ **Eco-Friendly Approach**
