

E-Tray Solutions

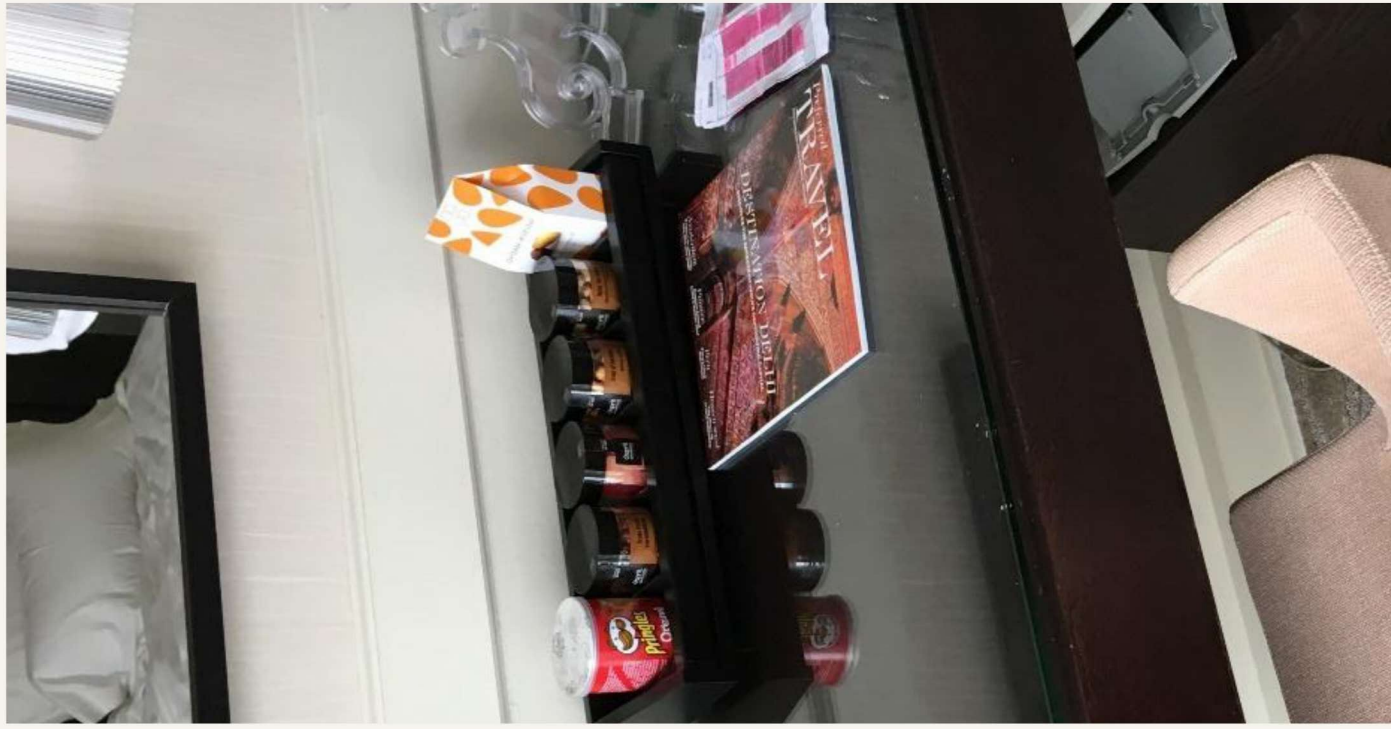

Intelligent sensor trays to merchandise dry products anywhere around the minibar.

A quiet upgrade to in-room revenue

The Bartech e-Tray displays dry products — snacks, spirits and wellness items — anywhere in the guest room, with discreet sensors that register every sale automatically. It brings complete flexibility to in-room merchandising and significantly increases turnover, with or without an existing minibar network.

“Display your dry products anywhere in the room — and let the tray do the counting.”

01 Higher turnover on dry products	02 PMS integration & auto-posting
03 Vastly reduced labour cost	04 Fewer billing disputes

One tray, engineered to disappear

DOUBLE-TIER E-TRAY, FAUX-LEATHER SURROUND

DETECTION

Wireless or wired-to-minibar

CAPACITY

1 to 8 products per row

SURROUND

Wood or faux-leather

PLACEMENT

Countertop, on the minibar, or built into drawers

ADJUSTABLE WIDTH

By number of sensors

3 sensors	210 mm
4 sensors	274 mm
5 sensors	360 mm
6 sensors	409 mm
8 sensors	460 mm

From 8 in / 210 mm to 18 in / 460 mm.

Built up in tiers, dressed to match the room

Combine multiple e-Trays into tiered, flat or stadium arrangements — in wood or faux-leather.

01
Single Tier
Brown faux-leather

02
Double Tier
Black leather shoulders

03
Flat Style
Low profile

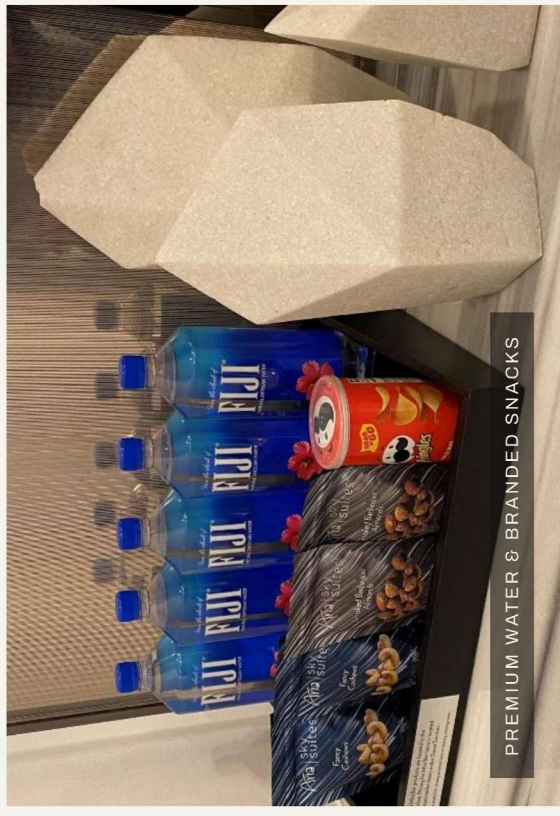

04
Stadium Tier
White wood, tiered

On the counter, on the minibar

Placed on top of the minibar or across a console, the e-Tray turns unused surface into a self-accounting display.

SNACK DISPLAY PAIRED WITH THE IN-CABINET MINIBAR

PREMIUM WATER & BRANDED SNACKS

COFFEE & SNACK STATION

Integrated into the cabinetry

Recessed into the joinery or fitted to a drawer, the e-Tray keeps its intelligence while adopting the language of the room — from Paris to Macau.

WYNN MACAU · UP TO 16 POSITIONS

ATLANTIS THE ROYAL · DUBAI

FITTED DRAWER · SPIRITS & TOOLS

RECESSED INTO THE MEDIA CABINET

The standalone e-Tray

Display your dry products anywhere in the guest room. The standalone e-Tray brings complete flexibility to your in-room sales and significantly increases turnover — and it can operate with or without an existing minibar network.

- Works with or without a minibar network
- PMS integration & automatic posting of charges
- Vastly reduced labour cost
- Reduced billing disputes

Let's talk about your rooms.
